## **BURIAL LISTS OF PERSONS INTERRED IN MEARNS KIRKYARD BETWEEN JUNE 1874 AND FEBRUARY 1900.**

The undernoted information was copied from pages of a ledger maintained by the relevant kirkyard authorities between the dates shown above. In an effort to retain the accuracy of the transcribed information the original spellings of names and places are shown as they appear in the original entries. Where words or letters cannot be identified a dash is inserted. In many instances names were spelt phonetically possibly due to the limited educational standard of the original scribe and should be read in such a manner.

The dates shown are the actual burial dates NOT dates of death of the interred.

It may be of interest to the reader that some of the locations shown refer not only to the main villages of Mearns and Busby but to individual farms in the Mearns and Eaglesham parishes. Netherplace, Hazelden, Wellmeadow and Busby were all sites of industrial activity in the cloth making industry attracting large numbers of itinerant workers many from Ireland and the Scottish Highlands. The origin of these workers can often be identified by the names listed below.

**MEARNS KIRKYARD BURIALS 1916 TO 2000**

The underlisted material has been salvaged from several separate sources giving a record of internments within Mearns Kirk graveyard between the years 1916 and 2000. There is no guarantee that this list is complete.

### COMMON GROUND INTERNMENTS 1900 TO 1907

This listing contains names of persons buried in a section of the Kirkyard referred to as Common Ground. These internments appear to have been laid out in continuous rows each designated by a row number. Records available show at least five rows although Row 4 is missing and the remainder seem incomplete. The period covered dates from 1900 to 1907.

The Common Ground area of the Mearns Kirk lies to the rear and south west of the church building.
